Dear Sir/Madam,

**Press Release - GHCL Limited donates oxygen plant in Gujarat**

**Subject: Disclosure of Material Event / Information under Regulation 30 of SEBI (LODR) Regulations, 2015**

We would like to inform that GHCL Limited has successfully installed, commissioned and handed over a fully automatic medical oxygen generation plant with a capacity of 15 Nm<sup>3</sup>/hr (Normal Meter Cubed per Hour) which can provide Oxygen to almost 40 COVID patients at a time.

We would further like to inform that A DG set was also donated along with the oxygen generation plant to the Community Health Center at Dosala, in the Gir-Somnath district in Gujarat to ensure uninterrupted oxygen supply. The Oxygen generation plant was inaugurated by Honorable Cabinet Minister Jawaharbhair Chavda and will provide relief to people living in coastal regions of Gujarat.

In this regard, please find enclosed herewith copy of the Press Release issued by the Company for your reference and record.

You are requested to kindly note the same and please also take suitable action for dissemination of this information through your website at the earliest. In case you need any other information, please let us inform.

Thanking you

Yours truly

**For GHCL Limited**

### **GHCL Limited donates oxygen plant in Gujarat**

**Noida 16th June 2021** – GHCL Limited successfully installed, commissioned and handed over a fully automatic medical oxygen generation plant with a capacity of 15 Nm<sup>3</sup>/hr (Normal Meter Cubed per Hour) which can provide Oxygen to almost 40 COVID patients at a time. A DG set was also donated along with the oxygen generation plant to the Community Health Center at Dosala, in the Gir-Somnath district in Gujarat to ensure uninterrupted oxygen supply. The Oxygen generation plant was inaugurated by Honorable Cabinet Minister Jawaharbhair Chavda and will provide relief to people living in coastal regions of Gujarat. During the second wave of the COVID -19 pandemic, every health care institution was overwhelmed by rising cases. The situation was really grim in the remote villages in India where many lost their lives for want of better medical facilities and availability of oxygen.

Speaking on the occasion, Mr. R S Jalan, MD GHCL limited said, “GHCL is committed to care for its stakeholders. During this COVID -19 crisis, we want to reach out to all our stakeholders in as many ways as we can. The communities, especially the ones living in remote areas do not have access to various medical facilities essential during the pandemic and many people have lost their livelihood due to the restrictions imposed. We believe the initiatives by the GHCL Foundation, especially in the villages, will be extremely beneficial and help in saving lives and livelihoods during the pandemic”.

GHCL Foundation, the CSR arm of the company has been working very closely with the community and local administration across various districts in Gujarat during the pandemic to ensure testing and appropriate healthcare facilities in the remote areas of Gujarat. It has distributed grocery kits to the elderly living alone in the villages and provided medicines, surgical items, face shields, oximeters to the district health centers in the Gir-Somnath districts of Gujarat. 50 oxygen cylinders, oxygen concentrators, medicines and surgical items were provided to the Civil hospital, Veraval, Public Health Center and Community Health Center located in rural area during the month of May.

## **ABOUT GHCL**

GHCL Limited is a well-diversified group with an ascertained footprint in chemicals, textiles and consumer products segment. In chemicals, the company mainly manufactures Soda Ash (Anhydrous Sodium Carbonate) that is a major raw material for detergents & glass industries and Sodium Bicarbonate (baking soda). In textiles, the Company has an integrated set up, which commences right from spinning of fiber (yarn), weaving, dyeing, printing of the finished products, like sheets & duvets, primarily exported worldwide. Consumer Products operation is another business for GHCL where it is manufacturing and selling edible salt, industrial grade salt and markets jujube honey, spices and blended spices in the country under the brand name of i-Flo.

At GHCL Ltd, sustainability is a core element of our business strategy as defined under the aegis of 'GHCL Way' with its four pillars i.e. Responsible Stewardship, Social Inclusiveness, Promoting Relationship and Adding Value. We are committed to working closely with our stakeholders at our various plant locations for promoting the agenda of sustainability underpin on GHCL Ltd core values of Respect, Trust, Ownership and Integrated Teamwork.
