EU steel tariff extension: India may strike back

Russia, Turkey too notify their intent to suspend concessions against EU

MUMBAI
The spat between India and the EU over the latter's decision to extend safeguard duties on steel imports from the country for three more years has intensified with New Delhi confirming its intention to impose retaliatory duties on imports from EU countries after Brussels justified its action as a recent WTO meet.

At a recent meeting of the EU-Safeguards Committee, India said that it will provide the details of the suspended concession, estimated at \$292 million, to the WTO's Goods Council before the tariff increase is applied, a Geneva-based trade official told Businessline.

Russia and Turkey too have notified the WTO of their intent to suspend concessions against the EU for its decision to prolong the safeguard measure.

EU's tariff rate quotas
The EU had implemented tariff rate quotas on steel imports as a safeguard measure in 2018 for three years following the US decision to impose additional import duties on steel from a number of countries including Russia, India and Turkey.

It fixed specific quotas for

India estimated that safeguard measures will deter the exports of \$1.15 billion on which duty collection would be \$152.51 million.

avoid diversion of exports from the US to the EU market. But this has caused losses for Indian exporters due to a lack of their. This is why India wants to impose retaliatory duties in case the EU does not roll back its decision, another official said. India is among the main steel exporters to the EU, which also includes China, Russia, South Korea, Turkey and Ukraine.

In talks with Brussels, India estimated that the safeguard measures resulted in the decline of exports to the tune of \$1.58 billion on which the duty collection would be \$292.01 million. New Delhi held consultations with Brussels trying to persuade it to withdraw the measures, but

the latter has not agreed yet. The retaliatory action being planned by India, Russia and Turkey are being taken in line with Article 8.2 of the Safeguards Agreement, which allows a member to suspend concessions if an agreement on compensation with the member imposing the safeguard cannot be reached.

The right to suspend concessions can only be exercised three years after the safeguard is in place.

Standing firm on its decision to extend the safeguard beyond the original three years, the EU said that it had carried out an investigation which found that the relevant criteria under the WTO's Safeguard Agreement for an extension were all met.

The meeting will be held on the eve of the G20 Leaders Summit taking place in Rome on October 30-31.

SpiceJet to run only 70% of pre-Covid flights in winter; Vistara to add 300

Air India, IndiGo too have cut number of flights

MUMBAI
SpiceJet and IndiGo along with Air India will fly fewer number of flights during winter schedule starting October 31 compared to pre-Covid levels. However, Vistara will have higher number of flights.

According to an order by Civil Aviation Ministry, unscheduled domestic airlines will fly 70-80% flights a week during the period starting October 31 and ending March 31 next year, which is technically known as Winter Schedule 21. Approved number of flights is nearly 4 per cent lower than Winter Schedule 19 (October 31, 2019-March 31, 2020). This winter, flights will be operated from 108 airports, including two new ones, Srinagar and Kushinagar.

"Though numbers according to Winter Schedule 21 are higher than over 10,000 flights

approved for Summer Schedule 21 (March 22-September 30), this is not comparable because there were restrictions on the capacity during the said period.

"Winter Schedule 2021 has been approved without capacity restrictions as submitted by the scheduled domestic airlines Civil Aviation Ministry said. Earlier this month, the ministry allowed airlines to operate with full capacity last

year at 65 per cent between July 5 and August 18. It then increased to 75 per cent before being further raised to the 85 per cent and finally to 100 per cent.

News schedule
The new schedule has been announced when air traffic is on the rise.

According to DGCA (Director General of Civil Aviation) data, over 5.8 million people travelled on domestic airlines during the first month of calendar 2021, this is over 20 per cent higher than the number of air travellers during corresponding period of last fiscal.

For September alone, the number was 70.44 lakh, which is nearly 70 per cent higher than last September and over 5 per cent more than this August.

While IndiGo carried 36.69 lakh passengers in September with a 56.2 per cent share of the domestic market, SpiceJet flew 6.2 lakh passengers, accounting for an 8.5 per cent share of the market, according to DGCA data.

May when the government permitted airlines to restart operations after nationwide lockdown, capacity was capped at 33 per cent.

The cap was gradually increased to up to 80 per cent by December last year. However, it was reduced to 30 per cent from June 1 this year after several waves.

While the cap was at 50 per cent between June and July 5, it

RJio pays ₹10,792-crore spectrum dues to DoT

MUMBAI
Reliance Jio has paid ₹10,792 crore to the Department of Telecom to clear its dues for the spectrum bought in 2016. The DoT has not accepted the offer by the company to pay the dues in installments.

Jio, however, still has dues pending for spectrum bought

in 2016 and for 2020. The operator has done full payment to the DoT on the condition that the DoT will take recourse to the court for the dues. The DoT has not accepted the offer by the company to pay the dues in installments.

IndiGo net loss rises 20% to ₹1,436 crore in Q2

MUMBAI
IndiGo reported a net loss of ₹1,436 crore in the quarter ended September 30, 20 per cent higher than net loss of ₹1,190 crore in the corresponding period last fiscal, but just half of the previous quarter's.

In revenue from operations, it crossed ₹5,600 crore against ₹2,741 crore. Other income of ₹190 crore took its total in-

come to nearly ₹5,790 crore. However, expenses rose to ₹7,226 crore from ₹6,224 crore and expenditure on fuel almost tripled to nearly ₹3,989 crore.

"With a modern fleet, dedicated employees and a stronger economic environment, we are well positioned to leverage all the growth opportunities around us," Monay Datta, Chief Executive Officer of IndiGo, said.

SC bars Airtel from rectifying return for ₹923-cr GST refund

MUMBAI
The Supreme Court on Thursday dismissed Airtel's appeal from seeking ₹923 crore in GST refund by rectifying its return.

The ruling comes after the Finance Ministry filed an appeal against a Delhi High Court order in May last year. The matter is related to rectification of return. The GST law mandates all taxpayers, except those registered under the composition scheme, to pay tax on a monthly basis and file form GSTR-3B by the 20th of the following month.

Input tax credit
The issue was when an input tax credit could be included in the return. A division bench of the Supreme Court comprising Justices AM Khanwilkar and Dinesh Kumar had said the registered person is not denied the opportunity to rectify an omission or incorrect particulars, which could be done in the return furnished in the month or quarter in which the omission or incorrect particulars occurred.

"Thus, it is not a case of denial of adjustment of ITC (input tax credit) as such, if at all,

it is only a postponement of adjustment of ITC. The ITC amount remains intact in the electronic credit ledger, which can be availed in the subsequent returns including the new financial year," the bench said.

GST law
The Bench noted that despite a mechanism provided under GST law and subordinate legislation (Section 30) read with Rule 41, it was not open to the High Court to proceed on the assumption that the only remedy for the assessee to enjoy seamless adjustment of the input tax credit was by rectification of its return submitted in form GSTR-3B for the period in which it occurred.

It also said that any unilateral change in such return, as per the present disputation, would have a cascading effect on the recipients and suppliers associated with the transactions. The Bench agreed with the tax Department, which said "Any indulgence shown contrary to the statutory mandate would not only be an illegality but, in reality, would simply lead to chaotic situation and collapse of tax administration of Union, States and Union Territories." Accordingly, the Bench set aside the Delhi High Court order.
